<b>1/2 HPc* Power Plus</b>	 WALL CONSOLE	 TWO 3-BUTTON REMOTES	 MOTOR**	 PARTS**

\*1/2 Horsepower comparable (HPc) Power Plus designates that this garage door opener exceeds Genie's lifting force specification for 1/2 horsepower garage door openers.  
 \*\*Limited, non-transferable warranty. See owner's manual for details.

For Use With Sectional Doors Up To 8 ft and Up to 500 Pounds in Weight.

### STANDARD EQUIPMENT

#### Belt or Chain Drive

Choose between two drive options for more flexibility to meet your needs.

#### DC Motor Technology

DC motor operates with variable speed allowing soft start and stop, smooth operation and energy-efficiency.

#### Intellicode® Access Security System

Each time the remote is activated, it selects a new access code from 4.3 billion possible combinations. The system works with up to seven remotes for one door and features advanced technology that prevents piracy of the radio signal that opens your door.

#### Easy Programming and 'Open and Close' Limit Setting

Electronic limit setting is just a couple of push-buttons away.

#### Frequency Range

Reliable frequency range to ensure consistent operation.

#### Self-diagnostic Safe-T-Beam® System

When objects pass through the infrared beam, the door automatically stops closing, and then reverses. The system's self-diagnostic functions alert homeowners of improper operations and pinpoints specific problems.

#### Light System

Illuminate your garage with our two-bulb light system.

#### HomeLink® Compatible

Link to car's built-in remote system.

#### Car2U®

Home Automation System.

### CONVENIENCE OPTIONS

Enjoy your new Genie® garage door opener to the fullest with optional accessories. These accessories work with the openers that feature our Intellicode® access security system.

#### Digital Wireless Keypad

Available in four colors, this lighted keypad features a flip up cover and lets you control up to three garage door openers. Flip up cover available in four colors to best complement your home.

#### Remote with Docking Station

The three-button remotes operate multiple garage door openers. The one-button remotes operate one garage door opener.

#### Compact Remote with Key Chain

This remote operates multiple openers but is small enough to keep with your keys.

#### Compact Remote with Flashlight

This remote works just like the one-button remote and features a light for added night time convenience.

### DEALER SERVICES

#### Regular Maintenance

Ensure that your garage door system operates at peak performance by asking your Genie® Professional dealer about installation, routine system maintenance and other professional services offered.
